Dear Ms. Harding:

Thank you for the 1988 Annual Summary of PCB Storage Activity which you provided to W. Douglas Smith at his request in connection with his EPA inspection of Chemical Processors.

We have completed our review of the field inspection portion of Mr. Smith's report but, in order to conclude our record review, we also require copies of the annual summary sheet for 1986 and 1987, and copies of the log sheets from which the summary information is compiled.

I recognize that this request may entail copying of a considerable volume of material, but your cooperation would be appreciated, and would help avoid a revisit to your facility at this time. If you have questions, or cannot provide the requested information within fifteen (15) days of your receipt of this letter, please contact Elaine Barrick of my staff at (206) 442-8577.

Sincerely,

Gil Haselberger, Chief
Toxic Substances Section
